Are You Experiencing a Mental Health or Substance Use Crisis?

Compassionate Behavioral Health Care 24/7/365

Take the First Step Toward Healing

At SummitStone, we understand mental health and substance use conditions can be lifelong, with periods of stability as well as periods of acute need.

The people we serve will find individually tailored treatment options built on a foundation of trauma-informed care, harm reduction and proven practices in behavioral health interventions, including medications and Medication for Addiction Treatment (MAT).

No matter where you are on your journey, we are here for you. We will work with you to develop a recovery plan that meets your specific needs.

What Can I Get Help For?

The Acute Care Facility at Larimer County's Longview Campus is available for anyone in a self-defined behavioral health crisis whose needs cannot be safely met in a less restrictive environment. Our team of dedicated professionals provide compassionate care in a non-judgmental, safe environment. Some of the more common conditions we treat include:

- Bipolar Disorder
- Depression
- Grief and Loss
- Hallucinations
- Substance Use / Addiction
- Withdrawal Management (Detox)
- Medication Management and Stabilization (including medications for addiction)
- Schizophrenia
- Stress
- Suicidal / Homicidal Thoughts
- Trauma (PTSD, RAD, DSED, ASD)

We Believe People Can & Do Recover

SummitStone has been helping Larimer County community members recover and thrive since 1957.

We foster a safe, inclusive and healing environment that builds on the capacity for resiliency and recovery for the children, adults and families we serve. We recognize people start their recovery journey along a continuum and move at their own pace.

We value diverse backgrounds, abilities and social identities, and realize the tremendous impact these have on each person's experience. We work with you through this lens to develop a recovery plan that meets your specific needs to help you reach your goals.

At SummitStone, you'll find the individualized support and resources you need to feel grounded and at-ease. No matter where you are on your journey, we are here for you.
